Fixability: To install heavy items, simply screw the item straight into the wall. There's no need for pattressing, battens or even drills.

Wear & Tear: Change your layout and fixtures without damaging Habito Drywall.

Comfort: Sound absorption and insulation makes the environment more comfortable and restful. Thermal properties ensure a natural room temperature that's not too hot or too cold.

Knocks & Bumps: Habito Drywall is reinforced, minimising day-to-day damage.
